|                            |                                                             |
|----------------------------|-------------------------------------------------------------|
| <b>Product Code</b>        | XE-5575-001                                                 |
| <b>General Description</b> | Good temperature resistance (not suitable in fluids)        |
| <b>Sensor Type</b>         | Exposed Junction                                            |
| <b>Thermocouple Type</b>   | J                                                           |
| <b>Cable Length</b>        | 10M                                                         |
| <b>Cable Type</b>          | Glassfibre                                                  |
| <b>Core / Strands</b>      | 1/0.315mm                                                   |
| <b>Termination Type</b>    | Miniature flat pin plug, colour coded in accordance IEC 584 |
| <b>Max. Temperature</b>    | +350°C (short periods up to 400°C)                          |
| <b>Min. Temperature</b>    | -60°C                                                       |
| <b>Tolerance</b>           | Class 2                                                     |
| <b>Standards Met</b>       | IEC-584-3                                                   |
| <b>Connector Type</b>      | Plug                                                        |
| <b>Connector Size</b>      | Miniature                                                   |
| <b>Colour</b>              | Black                                                       |
