

Labfacility offer a wide range of temperature products to help you with your food safety management. Food safety management procedures should be based on HACCP (Hazard analysis and critical control points) and SFBB (Safer food, better business) principles.

**HACCP** involves:

- ✓ what could go wrong and what risks there are to food safety
- ✓ identifying any critical control points the areas a business needs to focus on to ensure those risks are removed or reduced to safe levels
- ✓ deciding what action you need to take if something goes wrong
- ✓ making sure that your procedures are being followed and are working
- ✓ keeping records to show your procedures are working

It is important to have food safety management procedures that are appropriate for your business.

- Legionella Pro Kit
- Infrared Thermometers
- Folding Stainless Steel Probes
- Dishwasher thermometer
- Dataloggers
- Catering Kit
- Thermocouple Simulators
- Cold Chain Monitoring temp & RH units
- Probe Wipes

### Temperature Sensors

We manufacture temperature sensors to suit your application. In addition, a large range of Thermocouples in IEC or ANSI calibration, PRT's, Detectors, Environmental Sensors and Hand-Held Sensors are available from stock for immediate despatch.

- Thermocouples in IEC & ANSI
- High Temperature Sensors
- Handheld Temperature Sensors
- RTD / PRT Sensors & Detectors
- Custom Built Sensor Configurators

### Thermocouple Connectors

We are Europe's largest manufacturer of thermocouple connectors and accessories in IEC, ANSI and JIS colour codes.

- Comprehensive range of fittings and accessories including mounting panels

### Thermocouple & PRT Cables

Labfacility offer a wide range of thermocouple, PRT and extension cable in stock for immediate despatch. Thermocouple cables are available in IEC or ANSI colour codes. Insulation types include PFA, PTFE, PVC & Fibreglass.

- PVC, PFA, PTFE, Glassfibre & PRT cable

### Temperature Instrumentation

Labfacility has always been associated with high accuracy temperature measurement manufacture.

- L60 Thermocouple & Fine Wire Welder
- Bench Top Instrumentation
- Panel Mount Instrumentation
- Cold Chain Data Loggers
- Hand Held Instrumentation
- Thermometer Kits with Meter
- Calibrators and Precision Calibration Checkers
- Temperature & Humidity Transmitters

### Sensor Fittings

Labfacility manufactures a wide range of components and fittings for sensor installation, in stock for immediate despatch.

- Compression Fittings
- Terminal heads & blocks
- Locknuts, Pot Seals, Reducers, Bayonet Caps, Flanges and Thermopockets
