EU Packaging and Packaging Waste Regulation (PPWR) Compliance Statement.

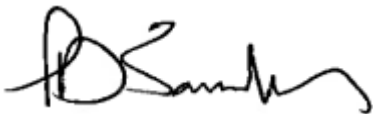

Labfacility acknowledges its obligations under the EU Packaging and Packaging Waste Regulation (PPWR). We are committed to ensuring that all packaging placed on the European Union market complies with the safety, design, and documentation standards mandated by the Regulation, effective as of August 12, 2026.

We fully comply with current prohibitions on heavy metals (Lead, Cadmium, Mercury, and Hexavalent Chromium). We also monitor and restrict other substances of concern, complying with REACH, and PFAS regulations.

In line with requirements of PPWR our packaging suppliers are regularly audited to ensure their compliance and documents are kept on file.

Yours faithfully,

**Paul Sanders,
Operations Manager,**
